This report was called in on Tuesday of last week. Water is still there.
Status?

Once this form has been filled out the information should be passed on to the Sacramento-Yolo Mosquito and Vector Control District (SYMVCD). This information can be given to the SYMVCD by telephone 1-800-429-1022 or the form can be faxed to the SYMVCD at (916) 685-5464.

So a record of all reports to the SYMVCD can be compiled please send a brief email to dbmooney@dcn.org so this report can be posted on the stopwestnilesprayingnow.org/ website. These reports will be considered active until their status is confirmed from the SYMVCD (treated, remediated or unresolved) which will then be noted on the website.

Status:

Location: 1501 & 1513 Rialto Ln.

These two addresses were checked on 8/9/06 with no larva found a follow up inspection was done on 8/16/06 again no larva found. The report last week was submitted as anonymous so we were unable to report findings to anyone.

Thank You.
